

16th International Conference on Home Mechanical Ventilation 7th European Respiratory Care Association Congress

SYMPOSIUM SPACES

March 3-5, 2022

Cité Centre de Congrès Lyon (France)

MARCH 3, 2021	ROOM 1	ROOM 2	ROOM 3	ROOM 4	ROOM 5
13:00 - 14:00	Acute and Chronic NIV. Where have we come from: what have we learnt?				
14:00 - 15:30	Lunch break				
15:30 - 16:00	COPD, NMD & Obesity: important messages from the past 3 years	Ventilatory support in children	Tools for chronic NIV	Ethical considerations	Airway clearance at home with invasive and non invasive ventilation
16:00 - 17:30	Emerging therapies in NMD	Respiratory problems and Covid-19 : what have we learnt	Respiratory muscle training: physiology & new applications	Supporting patients & caregivers: What do they really need?	Simulation and physiology of ventilation (NIV & MV)
17:30 - 19:00	SYMPOSIUM				

MARCH 4, 2021	ROOM 1	ROOM 2	ROOM 3	ROOM 4	ROOM 5
08:30 - 10:00	Beyond NIV in COPD	Mouth piece ventilation (What where and how)	Years in Review Pediatrics in the last 3 years	What is new in Airway Clearing Techniques (acute & chronic)	Tracheostomy in long term home mechanical ventilation
10:00 - 10:30	Coffee break				
10:30 - 12:00	Acute NIV	Transition from pediatrics to adult care	How, when and where should we introduce NIV in ALS patients?	Rehabilitation in long COVID	Caregiver training
12:00 - 14:00	SYMPOSIUM (90 min between 12:00 - 14:00)				
14:00 - 15:30	Apnea in children	Cardiovascular lung interactions in Chronic Respiratory Failure	Patient perspectives	Quality in HMV: clinical objectives or monitoring sleep?	Remote follow up in HMV: practical issue
15:30 - 16:00	Coffee break				
16:00 - 17:30	Respiratory management in pediatric NMD	Weaning in the real world	Management of central apnea	Sleep and breathing in ALS	Swallowing disorders
17:30 - 19:00	SYMPOSIUM (90 min between 17:30 - 19:00)				

MARCH 5, 2021	ROOM 1	ROOM 2	ROOM 3	ROOM 4	ROOM 5
08:30 - 10:00	Doing it right: undergoing procedures when using respiratory support	Social media: friend or foe	Clinical trials on HMV	Big Data: Does size really matter?	Cystic fibrosis
10:00 - 10:30	Coffee break				
10:30 - 12:00	Telemonitoring	Advances in pulmonary rehabilitation	Multidisciplinary management of Obesity hypoventilation	Pregnancy and childbirth in Chronic Respiratory Failure	The patient experience of home mechanical ventilation: overcoming the challenges?
12:00 - 14:00	SYMPOSIUM (90 min between 12:00 - 14:00)				
14:00 - 15:30	ICU Induced weakness	Sleep in chronic respiratory failure and under NIV	Controversies in end of life and palliative care	Future of HMV after COVID	Practical issues in HMV in children
